TASK I/

UNIT 9: ENGLISH IN THE WORLD

Speaker 1 (male): My first language is French, but I live near the border, so I'm reasonably good at German. I can also get by in Italian. We went to Rome last summer and I picked up the basics.

Speaker 2 (female): My mother is Spanish and my father is French so I'm bilingual. I'm also fluent in English which I need for my job. I can have a conversation in Italian, but it's a bit rusty.

Speaker 3 (male): I used to be quite bad at English. I knew a few words of everyday English that I learned at school, but I couldn't speak a word of anything else. Last summer, I went to England on holiday. While I was travelling around the country, I picked up enough words and phrases to get by. I was told that my pronunciation was quite good, so when I got home I decided to learn English properly.

Speaker 4 (female): Last year, I got a job in a multinational company, so I had to learn English. A friend recommended an English centre and I have been going there for six months. I always enjoy the lessons and the language is taught in a communicative way. I think that I've learned a lot since I started. It's not all fun, though - at the moment I'm studying for my first exam!

TASK II/

Unit 8 – Tourism - Skills 2 - Audioscript

Thanks to the widespread use of modern means of transport, people have more choice of holiday destination and can now visit even the remotest parts of the world. Tourism has certainly become an important factor in the development of many countries.

An obvious benefit of tourism is that it plays a key role in economic growth. It contributes greatly to the income of a region or country. It also brings job opportunities to all kinds of people, and therefore helps promote prosperity in diverse fields. Another positive aspect of tourism is that it helps promote international understanding and cooperation among nations. In addition, tourism can improve the standard of living of local or rural communities, so young people are encouraged to stay in their hometown to build a good life rather than move to big cities. Finally, tourism brings cultural benefits, as travellers learn about the history and culture of a place, and spread them around the world.

On the other hand, the drawbacks of tourism can't be denied ...
